BOOK OF THE MONTH

Sky Color by: Peter H. Reynolds

From award-winning Peter H. Reynolds ("The Dot" and "Ish"), comes a gentle and playful reminder that if we look beyond the expected, creative inspiration will come. It's about a girl who loves to paint. Her class was asked to make a mural, but how can she make a sky without blue paint? After gazing out windows and watching the day turn into night, she realizes it doesn't have to be blue!

ACTIVITY OF THE MONTH

Watercolor Paintings

Children can paint their own creations using watercolors. Once they dry, hang them on the wall to display as a mural.
